## BAILEY SALE CONFIRMED TRAINS ARE ASSAILED

TRANSFER OF WATER SYSTEM  
WAS MADE THROUGH J. E.  
THOMPSON YESTERDAY.

Bisbee-Naco Co., the Purchaser, Says  
Nothing as to Plans—Bailey Under-  
stood to Have Parted With All  
Holdings in City.

Announcement in the Review yester-  
day morning of the sale of the Bailey  
Water Co. interests in the city to the  
Bisbee-Naco Water company was con-  
firmed yesterday, when the final steps  
in the closure of the transaction were  
taken and Mr. Bailey's price for his  
property paid over.

The transaction was carried on  
through the real estate office of J. E.  
Thompson, which negotiated the trans-  
fer. Mr. Bailey will retire from the  
city to ranch property he has in Sul-  
phur Springs valley. It is understood  
that in connection with the sale of  
water resources and supply system  
he made to the Bisbee-Naco company  
he also parted with all of his real es-  
tate holdings in the city. The amount  
involved in the deal has not been made  
public. It is stated, however, that  
Mr. Bailey secured a better price than  
he had arranged last year to sell to  
English interests for.

What changes the Bisbee-Naco com-  
pany will make, if any, in the matter  
of conduct of the Bailey system is not  
known. No announcement regarding  
this feature having yet been made.

### DOUGLAS MUST CLEAN UP.

Dr. Greene, Health Board Superin-  
tendent, Will Enforce Law.

Dr. Greene, the county health of-  
ficer, states that some of the citizens  
of this city are very careless about  
throwing out their kitchen and other  
refuse into the streets and alleys.  
This unclean condition will be re-  
mended as soon as possible and legal  
action will be taken against all those  
who break the sanitary law. The warm  
weather is coming on rapidly and if  
the residents are not more careful in  
this respect there will be scourge of  
fever here this coming summer.

A great many people think that be-  
cause Douglas is not under a city gov-  
ernment that there is no sanitary law  
that can reach them. This is a mis-  
take, for there is a strict territorial  
law concerning this matter and it will  
be enforced in this city if certain peo-  
ple are not more cleanly.—International-American.

### STOCK FEED FOR CANAÑA.

Mr. Proctor Investigated Resources of  
Torreón on Way Home From  
Mexico City.

Mr. and Mrs. Frank Proctor were  
passengers on the El Paso train yester-  
day afternoon, returning from a visit  
to the City of Mexico, where Mr.  
Proctor had been on a business trip.

Returning, Mr. Proctor made a stop  
of two days at Torreón to investigate  
the proposition of getting cotton seed  
meal to ship to Canaña to be fed to  
cattle. Mr. and Mrs. Proctor went to  
Tucson last night and will be at home  
in Canaña the first of next week.

### DOUGLAS NEWS NOTES.

Dr. Norton, territorial veterinarian,  
returned yesterday from the San Ber-  
nardino ranch, where he has been in-  
specting some cattle.

A party of stockholders in the Tom-  
bstone Consolidated passed through  
Douglas last evening from Chicago on  
their way to Tombstone.

Parties coming in from Sonora re-  
port that the Guadalupe company  
which owns mines near Bacocachi is  
installing a fifty stamp mill and is  
also getting in a big pumping plant.  
John Casey, recently with the Greene  
company, is in charge of the work.  
The plant will be taken in by the  
way of Canaña.

Superintendent Cowan, of the D. I.  
company, arrived from Bisbee this  
morning. Speaking of the business  
of the company Mr. Cowan said that  
nothing of importance in the way of  
extension or improvements were in  
contemplation for the near future,  
though gradual extension of the elec-  
tric service was being made.

Alfred Meurin, one of the delivery  
boys of the International-American,  
accidentally shot himself in the foot  
Sunday with a small bore rifle. He  
was carrying the gun cocked with the  
muzzle pointing towards his foot,  
something called his attention and he  
forgot the position of the gun and  
pulled the trigger. The bullet went  
through his foot causing a bad wound.

TRY A GLASS OF DUFFY'S.

CHILDREN AND YOUNG MEN  
THROW RUBBISH AT E. P. &  
S. W. PASSENGERS.

Complaint Made By Trainman Will Be  
Turned Over to Officers Today—Of-  
fenses Charged Are Criminal—Of Daily  
Occurrence Lately.

Complaint is made by E. P. & S. W.  
passenger crews against boys and  
young men who have lately thrown  
rubbish at their trains from the en-  
bankment at the slag dump.

The offense complained of is a  
criminal one, and the offenders liable  
to severe punishment upon conviction.  
The crew of No. 4 last night placed  
complaint with City Agent McNair,  
who will today bring the matter to the  
attention of the deputy sheriffs of the  
city with request for the arrest of the  
offenders.

So far no serious damage has been  
done by those who have engaged in  
throwing at the trains, but there is  
no certainty that any time a passen-  
ger or trainman might not be struck by  
a missile and dangerously hurt. Asked  
whether the miscreants were not chil-  
dren who knew no better, the engineer  
of No. 11 said last night that such was  
not the case. While there were chil-  
dren among the number who assailed  
the trains, he said there were also well  
grown young men who took part in the  
work.

### NEW MAIL SERVICE.

Bisbee Gets Additional Mail to and  
From East, Commencing Monday.

Beginning Monday with the new  
night train service to and from El  
Paso, the Bisbee post office will send  
out a through mail pouch from this  
city to the east every evening, leav-  
ing on the train going, under the new  
time card effective Sunday, at 5:45 p.  
m. Returning a through pouch will  
be carried by the new train from El  
Paso to Bisbee, reaching here in the  
morning. This service will give Bis-  
bee people two mails daily to and from  
El Paso, and will doubtless prove a  
great convenience. At present the  
daily mail leaves here for El Paso in  
the morning and comes in at night.  
Under the new service mail will go to  
and come from El Paso both morning  
and evening.

### PRENTY ABOUT RECOVERED.

Report That He Was in Critical Con-  
dition Proves to Be Without  
Foundation.

Report has been current on the  
streets for a couple of days that J.  
E. Prenty, who entered the Copper  
Queen Hospital several weeks ago suf-  
fering rheumatism, was in a critical  
condition and that if he left the hos-  
pital alive it would be with intellect  
impaired because of a cracked skull,  
due to a blow sustained in his en-  
counter with J. M. Johnson. Inquiry  
made at the hospital last night  
brought a statement to the effect that  
the story given above was without  
foundation. Mr. Prenty, it is thought  
at the hospital, will be able to leave  
the institution within a few days,  
having almost entirely recovered. He  
has been under no treatment for in-  
jury to his head nor has it recently  
given him trouble.

### BROTHER OF MURDERER

Is Man Chavez Caught at Burglary on  
Brewery—Hearing Today.

Francisco Chavez, the Mexican  
caught Wednesday night as he ran  
from the Snyder confectionery store,  
into which he had broken with a com-  
panion, was arraigned yesterday after-  
noon in the court of Judge McDonald.  
Later his hearing was put over until  
this afternoon.

The Mexican who accompanied Chavez  
Wednesday night has not yet been  
located, but it is hoped by the  
officers that they will have him in  
hand when Chavez is arraigned this  
afternoon. Chavez is believed to be  
a brother of the Mexican of the same  
name who was sent to the penitentiary  
at the last term of court for mur-  
der. The lot is a bad one.
